AVERY LABELS

Avery have an extensive range of premium and general use labels for use on a variety of printer types. Products include features such as Pop Up Quick Peel for 25% faster application, True Block for covering up content underneath the label, Jam Free, and Smudge Free for professional mailing, parcel & shipping, and media labelling. Available in a variety of colours, clear, glossy and matt white. Use the Avery templates and software available in most leading software applications, download the Avery Wizard, or use the Avery Design and Print software online - making mail merges and customisation of your labels, cards, and indices a breeze.

AVERY® A4 WHITE LASER MAILING LABELS

Avery® White Quick Peel™ Mailing Laser Labels with Pop-up Edge™. New Quick Peel Pop-up Edge makes peeling the label faster and easier. They are great for high volume mailings and just as good for one at a time usage. Simply bend back the sheet and the edge pops up - just peel and apply. Fold back if required while applying. Use the new Quick Peel Pop-up Edge feature or remove labels as before. Ideal for addressing and shipping of letters, parcels, and boxes. Laser Labels guaranteed Jam Free™ printing on laser printers. Supported by free Avery® software available at www.avery.co.nz

AVERY® BROWN KRAFT SHIPPING LABELS

These labels blend right onto cardboard and completely block out what is underneath, allowing you to re-use your boxes. Logos, addresses and other messages already on the box can be covered and your print appears to be printed right on the box for a neat and professional appearance. Use Brown Kraft Labels instead of wrapping the whole parcel in Kraft paper. Ship more efficiently and reduce your impact on the environment with eco-friendly Avery Brown Kraft Shipping Labels. The label paper is made of 100% recycled material, processed chlorine-free, and is 100% recycleable.

AVERY® ENVIRO LABELS

Does your workplace have a recycling policy? Are you doing all you can to make sure that policy is met? You could use Avery® Enviro products. This range of environmentally friendly labels are made from recycled paper so you can be sure you are doing your bit to help the environment. Not only that, these Enviro labels are safe for your printer and provide a high printing quality.

AVERY® FILING LASER LABELS

End of year filing can be so time-consuming and sometimes stressful, especially when there are lots of other jobs to do. What you need is something that will speed up the process. Filing labels for an inkjet printer are just what you need. It's easy: just create all your labels using the free Avery® software and templates, print them out and apply to your lever arch files. These bright white filing labels are quick drying to make the process even quicker.

AVERY® CD/DVD LABELLING KIT – INKJET / LASER LABELS

Designing, printing and applying professional looking CD/DVD Labels is as easy as 1 2 3!
The Avery Labelling Kit gives you professional looking CDs in just minutes:

1. Avery Design Pro Media software that allows you to create fantastic looking labels using the extensive image gallery, pre-designed templates or importing your own images.

2. Now print your creative designs using the broad range of Avery CD/DVD Labels.

3. Apply your printed label using the patented Avery Applicator. The applicator allows you to create perfectly applied and centred labels every time – for a professional finish. The kit comes complete with Software, Applicator, 50 White CD Labels and 10 White DVD Labels – everything you need to get you started.

AVERY® CLEAR LASER LABELS

Coloured envelope, patterned paper or gift boxes - when your mail drops through someone's letterbox you want to make sure it gets read. Make it stand out from the rest by using these Avery® clear laser labels on your coloured envelopes. The text will look as though it has been printed on the envelope. The transparent labels virtually disappear! You can peel and apply in no time using the unique Quick Peel™ Pop-up Edge™ so it's a great office time-saver. These clear laser labels can be used with black and white and colour laser printers.

AVERY® REMOVABLE LASER LABELS

Need to leave colleagues a temporary message? Perhaps a printer is faulty or a vending machine is out of order. Avery® Removable Labels are ideal for writing instructions and temporary notes. You just print the message on the label and stick it where it can be seen. When the message has been read or it's no longer needed simply remove it. The label won't leave any residue but you can be sure it'll stay firmly in place.

AVERY® FLUORESCENT SIGNALLING LASER LABELS

Need to get someone to take notice? Perhaps you've got some mail that needs reading urgently or it could even be fragile and you want the recipient to take care of it. Use Avery® Fluoro Labels to make something really stand out. These fluoro yellow labels can be printed with your own message so they are great for labelling parcels and other important mail. Simply use free Avery software to design and print your labels in minutes.

AVERY® GLOSSY LABELS FOR COLOUR LASER PRINTERS

Have you got sales information that needs marking with special offers or company information? Perhaps you need to highlight the end of an offer. Maybe you have a supplier brochure that you want to add your own sales information to as it's you who will be making the final sale. Whatever the need, you'll want the labels to look as stylish as the brochures. Avery® Glossy labels are made from a photo quality material so text and graphics will really stand out.

AVERY® HEAVY DUTY LABELS

When you work in a large company how do you know which computer belongs to which workstation? What if you have an office move? Can you be sure that everything will go back in the right place? Labelling your electrical equipment can solve the problem. Computers and printers are expensive items, so you need high quality labels that won't spoil them. These silver labels are just what you need. You can print your own text on the label, whether it's a department name or a reference code. These labels are oil and dirt resistant, splash proof, tear proof and unaffected by temperature changes between -20 and + 80 °C, UV-resistant, water and weatherproof!

AVERY® INKJET CLEAR MAILING LABELS

Brown, cream, silver, red - whatever colour the envelope is, you want to make sure your addressing looks neat and professional. You can let your mail show its true colours by using clear labels for an inkjet printer to print the recipient's address. It's a great way to get a professional finish as it looks as if the text has been printed directly onto the envelope. In fact, the transparent labels virtually disappear. You can peel and apply the inkjet labels with ease using the unique Quick Peel™ Pop-up Edge™.

AVERY® DOUBLE SIDED FOLDING LASER BUSINESS CARDS

Need to say more? Folded laser business cards give you extra space to give potential clients even more information. You could have your company logo and contact details on the front, a description about what you do on the inside and then a promotional offer on the back. 4 sides = 4 sides of possibility! If you have an event or sales promotion coming up you could print folded business cards specifically for the event to promote any extra information. Just use free templates from www.avery.co.nz to combine colour, graphics and text into a unique design that your customers will remember.

AVERY® DOT MATRIX LABELS

Got a dot matrix printer in your office? Then you'll need to make sure you have the right labels for it. These dot matrix labels are exactly what you need. The labels are specifically folded to work well with large mainframe printers. You can choose from a range of different label widths to meet all your labelling needs. And the labels are stored in a fanfold for smooth feeding through the printer.

AVERY® MINI SHEET LABELS

No job's too big or too small. When you only need a few labels to do the job instead of an entire sheet, use the efficiency of Avery® Mini Sheets - simply input and format your custom text using a free template from www.avery.co.nz. Next, manually feed the entire sheet of labels through your laser or inkjet printer. Peel off only as many labels as you need. The result? The same high-quality, professional-looking labels as full-sheet formats, proving that a little bit can still go a long way.

AVERY® SELF-LAMINATING ADHESIVE SIGNS

Do you get visitors at your workplace? If so you'll need some clear signage so they can always find their way around the building. Perhaps you're organising an event and you want arrow signs to point people in the right direction. The self-laminating and self-adhesive signs are great for sticking on walls without you needing a laminator or sticky tape. It really is that easy. You can get creative too by designing your own wall signs using free Avery® software.

AVERY® FABRIC AND VINYL PRINTABLE NAME BADGE LABELS

Create your name badges fast and easily using your laser printer. Ideal for seminars, meetings, trade fairs, conferences and training sessions. Made from flexible materials, they can be used on most textiles and removed without leaving residue. The Vinyl labels allow you to print your labels and pop them out from the backing sheet, allowing you to re-order and display your badges once printed, and without them sticking to the table as they have their own individual backing sheet – no need for plastic holders or putting pins through your delegates clothing any more!

AVERY® NOTE TABS

Organise your work, your way with Avery Small NoteTabs™. Whether you're organising documents, referencing books, dividing notebooks or taking notes, Avery NoteTabs fit the way you work. Sturdy tabs are made of durable material so it's easy to turn pages. Write – or even highlight – anywhere on the tab or see-through surface area without leaving a mark on the actual page, and remove or reposition the NoteTabs without lifting the ink from the page. With Avery NoteTabs, it's easy to get organised and stay organised.
