## BROTHER FAX MACHINES

### BROTHER FAX878 FAX MACHINE

Plain paper fax & copier for home & small office use. More than just a facsimile, the FAX-878 can make copies of your faxes or other documents and comes with an integrated handset that can be used for making calls. Brothers Fax Easy series delivers an easy-to-use, attractive and space-saving solution to meet all your facsimile needs.

- Integrated handset doubling up as a telephone
- Copy reduce or enlarge document sizes from 50% to 150%
- 12 one-touch keys and up to 112 speed-dial and broadcasting locations for added convenience
- 9.6 Kbps modem speed, approx. 15 sec transmission

**444878** FAX878

### BROTHER FAX837MCS FAX MACHINE

Plain paper fax & copier digital answer machine for home use. This tireless, space-saving office companion can digitally record up to 60 seconds of incoming voice messages. With superior silver finish, this easy-to-use plain paper fax machine even offers caller ID and caller "hold" facilities. With fast transmission speeds of 9 seconds you can now store up to 4 group dials, making the sending of bulk messages easier.

- Plain paper thermal fax
- 14.4Kbps modem speed (9 seconds transmission)
- 512KB memory capacity
- 30 sheets paper capacity
- 10 sheet auto document feeder
- 4 one touch 100 speed dials

**BR4032** FAX837MCS

### BROTHER FAX1030E FAX MACHINE

Plain paper fax & copier digital answer machine for home & small business. At the heart of this combined telephone / answer / fax machine is a professional plain paper fax facility with advanced business functions. It is ideal for the home or office that requires both facilities but has restricted space. So why have two separate machines when you can have it in one? With the aid of Brother's navigation key, it is both quick and easy to search through and select any of the FAX-1030e's many advanced business functions. The machine also boasts the ability to automatically redial the intended recipient, should the number be busy.

- Plain Paper Fax
- In-built Telephone Handset
- In-built Digital Answer Machine
- 14.4kbps G3 Modem
- 1MB Memory
- 200 sheet paper tray
- Caller ID and FaxAbility compatible

**FAX1030E** FAX1030E

### BROTHER FAX2820 FAX MACHINE

Plain paper laser fax & copier for business use. The Fax2820 is more than just a fax machine. It triples up as a laser copier and phone as well. As a copier, the machine produces a resolution of up to 200 x 300dpi, with reduce / enlarge ratios from 50%-200%, in 1% increments. Of course, with the integrated handset, it gives you so much more communication convenience. But that's not all: the FAX2820 can be converted into your very own laser printer.

- 8MB standard memory
- 14.4Kbps modem speed
- 250 sheet paper tray
- 20 page auto document feeder
- 20 one touch and 200 speed dials
- Broadcasting up to 270 locations

**BR4037** FAX2820

## BROTHER P-TOUCH LABEL MACHINES

### BROTHER PT90 P-TOUCH LABEL MACHINE

The PT-90 features a brand-new Deco Mode with 8 new designs for creating designer-like labels to identify and organise your home or office. With a large 12-character LCD display, and QWERTY-style keyboard for enhanced table-top usability and familiarity, the PT-90 prints in 6 font sizes, 9 font styles and 7 framing options. It can also print one or two lines, on two different label widths (6/12mm).

**444430** PT90

### BROTHER PT1090 P-TOUCH LABEL MACHINE

An easy-to-use, hand-held labelling machine for the office or home, that produces a wide variety of professional quality labels made to last.

- Built-in manual tape cutter
- ABCD style keyboard
- LCD:12 character x 1 line & indicators
- 10mm / sec print speed

**444429** PT1090

### BROTHER PT1290 P-TOUCH LABEL MACHINE

The PT1290 features an easy-view 15-character LCD display and typewriter-style keyboard. A dedicated "Deco Mode" key gives you easy access to 15 unique, pre-designed label formats for creating decorative labels including professional layouts that accommodate 2 rows of text. Prints labels up to 12mm wide on durable, TZ laminated tape - perfect for both indoor and outdoor use. Other great features include: 15-character LCD display, 6 Auto Formats and 7 Framing Options. Built-in memory saves up to 9 of your favourite labels. Uses 6 "AAA" batteries or optional AC adaptor (neither included).

**444445** PT1290

### BROTHER PT2030 P-TOUCH LABEL MACHINE

Ideal for home and business use, the PT2030 has a simple-to-use keyboard for easy operation. This labelling machine benefits from having a large LCD display for easy viewing and editing. Choose from 3.5, 6, 9, 12 and 18mm TZ laminated tape range. (For tapes go to page 196).

- Uses laminated TZ tapes
- Larger LCD screen
- Raised angled keys for more accurate input
- Has text framing and underlining

**444495** PT2030

## BROTHER PT2730 P-TOUCH LABEL MACHINE

The PT-2730 is a PC compatible desktop labelling machine which is ideal for all office labelling requirements. Its features include printing labels which incorporate text, logos, images, barcodes and pricing information and is the necessary professional labelling choice.

- Easy to use QWERTY-style design
- Durable – labels up to 24mm, able to handle extreme conditions
- Preview your design easily with the large LCD screen
- Built in Automatic cutter
- Get creative, with customised labels printed direct from your PC
- Extra versatility – print labels to 3.5, 6, 9, 12, 18 & 24mm

**444496** PT2730

## BROTHER PT2430PC P-TOUCH LABEL MACHINE

Turn anything you create on your computer into a P-touch label! Combine text, symbols, bar codes, photos and graphics to create custom labels. Includes easy-to-use templates for address labels, video labels, CD labels, and more. Plug it in, turn it on, and print. Creating personalised self-adhesive labels is easy with the Brother P-touch. This easily connected integrated system consists of a high resolution label printer and software, guaranteeing you maximum flexibility and creativity. (For labels go to page 196).

**BR4005** PT2430PC

## BROTHER PT7600 P-TOUCH LABEL MACHINE

Durable and rugged handheld labeller uses new flexible ID tape and rotated print for cable wrapping and flagging, industrial strength laminated tapes for patch panel labelling and standard laminated tapes for faceplate labelling. Download databases, custom templates and graphics. Memory functions to store frequently used label designs, easy-entry keyboard and large display for quick editing. Auto sizing, sequential numbering, repeat printing, and vertical style for quick labelling. Auto power-off feature helps to save battery life. Includes Flexible ID adhesive tape, rechargeable battery, AC adaptor and carry case.

- Portable rugged design
- Download custom templates (with a database), and graphics to internal, non-volatile memory
- Built-in Telecom / datacom templates - wire / cables, patch panels, faceplates
- Makes rotated, vertical and horizontal labels
- Prints industry-standard bar codes

**BR7600** PT7600

## BROTHER QL500W P-TOUCH LABEL MACHINE

You can now print labels direct from Word, Excel and Outlook with the smart Add-in Utility feature. Printing labels is as easy as "Highlight, Click and Print." Or you can get creative and design your own labels by using the label design software provided.

**BR500W** QL500W

## BROTHER QL700 P-TOUCH LABEL MACHINE

This ultra-fast print-speed, easy to use labelling solution adds a lot of value to a busy office. Print professional barcodes, address & shipping labels, name tags, folder labels at print speeds of up to 91 labels per minute – and directly from Microsoft Word & Excel.

**444612** QL700

## BROTHER QL720NW P-TOUCH LABEL MACHINE

This ultra-fast print-speed, easy to use labelling solution adds a lot of value to a busy office. Print professional barcodes, address & shipping labels, name tags, folder labels at print speeds of up to 91 labels per minute – and directly from Microsoft Word & Excel. The QL720NW has wireless connection – so you can share among others in the workplace.

**444620** QL720NW

## BROTHER QL650TD P-TOUCH LABEL MACHINE

Whether you need one label or lots of labels the QL650TD is perfect for printing address and shipping labels, name badges and even banners and signage by printing on continuous tape. When the QL650TD is disconnected from the computer, users can print from the 8 pre-set label designs or 10 custom label designs. Print 'Date of Production' labels, 'Best Before' labels and 'Inspection' labels for medical, laboratory, retail, food, warehousing, manufacturing and production use. By connecting straight to your PC/Mac, the QL650TD with built-in automatic cutter can print photos, logos and barcodes in one simple step by using the software provided. You can now print labels direct from Word, Excel and Outlook with the smart Add-in Utility feature. Printing labels is as easy as 'Highlight, Click and Print'. Or you can get creative and design your own labels by using the label design software provided.

- Windows and Mac compatible
- 300dpi, max print height 59mm
- In-built time and date printing at the touch of a button
- Fastest print speed in its class of 56 labels/min<sup>^</sup>
- Front panel LCD display showing time, date and message

**BR4038** QL650TD

## BROTHER QL570 WITH VISITOR MANAGEMENT SOFTWARE

The VM100KIT visitor badge and management software is the total solution for registering visitors and contractors to your company, issuing high-quality printed visitor badges and the recording of visitor data for later analysis and reporting. With the VM100KIT you receive: The Brother QL570 label printer, VM100 Visitor Badge and Management Software, 1 x DKN55224 paper rolls (to print almost 700 badges), 12 x clip-on plastic badge holders and a handy roll storage box. It is your company's complete visitor registration system in one easy-to-set-up kit. The software is easy to install and configure, and you can be up and running within minutes. VM100 can be left running in the background of the receptionists PC, available for use as soon as any visitor arrives.

- Quickly sign-in visitors and print a badge in seconds with the Brother QL570 Label printer included in the pack
- See at a glance which visitors are signed in
- Design your visitor badge and include a logo if required
- One-click emergency report printing
- Password protection of visitor data

**444433** VM100KIT

## SHARP CASH REGISTER

### SHARP XEA102 CASH REGISTER

- Flash X reporting
- Battery memory protection
- Bill / coin compartment configuration (3 note / 6 coin)
- Small footprint
- Secret code control of Z reset and programming jobs
- 8 departments (5 - 8 by shift key)
- 80 PLUS for programming automatic price entry
- Drawer with media slot
- Key activated mode switch
- Rounding of cash sales to nearest 5 cents
- 4 tax rates
- 1 foreign exchange key
- Void sale mode
- Error escape function
- Dimensions 330 x 363 x 253 mm (w x d x h)

**XEA102** Sharp Cash Register

POCKET CALCULATORS

SHARP EL233SB CALCULATOR

- Large 8 digit display
- Battery powered
- Basic calculator functions plus memory, square root and percent
- Constant function
- Dimensions 60 x 103 x 8.3mm (w x d x h)

EL233SB Calculator

SHARP EL240SAB CALCULATOR

- 8 digit LCD screen with punctuation
- Twin power (solar cell & battery LR1130 X 1)
- Large screen display
- Slant display for easy viewing
- Large keys
- Decimal point select
- Last answer recall
- Dimensions 71 x 116 x 16.5mm (w x d x h)

EL240SAB Calculator

SHARP EL123S CALCULATOR

- Large 12 digit display
- Dual power with auto power off
- Hard case for extra durability
- Calculator functions plus memory, square root and percent
- Tax +/-
- Dimensions 72 x 115 x 12mm (w x d x h)

EL123S Calculator

SHARP EL480SR CALCULATOR

- 10 digit LCD screen with punctuation
- Twin power (solar cell & battery LR1130 x 1)
- Large screen display
- Cost-sell-margin function, ideal for business transactions
- Handy mark-up function
- Square root and sign change keys
- Stylish metal cabinet
- Compact wallet to protect calculator
- Dimensions 69 x 119 x 7.1mm (w x d x h)

EL480SR Calculator

## HANDHELD CALCULATORS

### DATEXX DUAL POWER HAND HELD CALCULATORS

- 8 Digit display
- Rubber keys
- Four function Memory – Addition, subtraction, recall and clear.
- Colourful, light weight design
- Battery saving auto-off after 7min inactivity

**110530** DH-60

**110531** DH-60C4 Assorted Colours

### AURORA HC-115 ADJUSTABLE WALLET CALCULATOR

Dual powered – solar and battery. All metal adjustable tilt display and body. Protective wallet included. Square root key for school work and mark-up (MU) key. Soft touch rubber keys. Auto power off.

Folded size 114 x 69 x 8mm.

**110750** HC-115

### AURORA HC-108X CALCULATOR

Unique fold-over hardcase design with eight digits and display. Metric conversion chart, square root keys for school work. Soft touch rubber keys, auto power off.

Folded size 94 x 56 x 10mm.

**110754** HC-108X

### CANON LC210L CALCULATOR

- Large 8 Digit LCD Display
- Unique 360° upward folding protective hard cover
- Battery power with 5000hrs of use (one alkaline battery)
- Modern colour and design with two-tone finish
- Auto constant function
- Auto power saving function
- Dimensions: 59 x 97 x 10mm
- Weight: 40g

**555395** LC210L

### CANON LS390H CALCULATOR

- Large 8 Digit LCD Display
- Unique 360° upward folding protective hard cover
- Large plastic keys
- Memory function
- Sign change key
- Automatic constant function
- Dimensions: 73.5 x 119.5 x 11.5mm
- Weight: 62g

**555396** LS390H

## DESKTOP CALCULATORS

### AURORA DT210 DUAL POWER CALCULATOR

Dual powered – solar and battery. Ergonomic design body and keys. Square root key for school work and change sign (+/-) key. Auto power off. Size 124 x 94 x 23mm.

**110700** Desktop DT210

### AURORA DT394 DUAL POWER CALCULATOR

Extra big number 12 digits and display. Adjustable display. Dual powered – solar and battery. Rounding function selector. Auto power off. Size 165 x 109 x 33mm.

**110702** Desktop DT394

## CANON HS1200TS CALCULATOR

- Large 12 Digit LCD Display, angled upright
- Cost / Sell / Margin calculation
- Tax Calculation
- Convenient Grand Total memory
- Key roll over function
- Dual powered (Solar/Battery)
- Dimensions: 126 x 175 x 30mm
- Weight: 172g

555392 HS1200TS

## CANON TX220TS CALCULATOR

- Large 12 Digit LCD Display, adjustable tilt
- Tax calculation
- Cost / Sell / Margin calculation
- Memory, percentage and square root functions
- Backspace and sign change keys
- Dual powered (Solar/Battery)
- Dimensions: 145 x 145.5 x 30mm
- Weight: 166g

555393 TX220TS

## CANON WS1210T CALCULATOR

- Large 12 Digit LCD Display, adjustable tilt
- Computer keyboard style keys for fast, accurate keying
- Decimal point selector
- Back-Space key
- Grand Total memory
- Square Root & Percentage Functions
- Dual powered (Solar/Battery backup)
- Dimensions: 200 x 150 x 40mm
- Weight: 240g

555394 WS1210T

## CANON LS100TS CALCULATOR

- Dual power (solar/battery backup)
- 10 digit LCD screen (tilt display) with punctuation
- Tax calculation
- Cost-Sell-Margin functions
- Large and durable plastic keytops
- Dimensions: 135x103x32mm (w x d x h)

555372 LS100TS

## DATEXX DUAL POWER DESKTOP CALCULATOR

- Large 8 Digit display
- Large Rubber keys
- Four function Memory – Addition, subtraction, recall and clear.
- Lightweight desktop/handheld design
- Battery saving auto-off after 7min inactivity

110545 Dual Power Desktop DD-611

## SHARP EL124A CALCULATOR

- Large 12 digit display
- Dual power with auto power off
- 3 digit punctuation
- Tilttable display
- Constant function
- 2 key roll-over
- Tax +/-
- Square root function
- Dimensions 102 x 148 x 15mm (w x d x h)

EL124A Calculator

## SHARP EL334FB CALCULATOR

- Large 10 digit LCD screen with punctuation
- Twin power (solar cell & battery) with auto power off
- Tax +/-
- Easy-grip side protection strips
- Kick stand to adjust viewing angle
- Constant function

239703 Calculator EL334FB

## SHARP EL2128V CALCULATOR

- Large 12 digit LCD screen with punctuation and function symbols
- Tilt display allows screen to be adjusted to best viewing angle
- Kick stand which makes key-in more comfortable
- GT function which automatically accumulates totals
- Resume Plus, which resumes calculation in progress after auto power off, plus line counter and condition symbol
- Answer check function
- Tax +/-
- Day/date function
- Dimensions 140 x 197 x 26.5mm (w x d x h)

EL2128V Calculator

## DESKTOP PRINTING CALCULATORS

### SHARP EL1611P CALCULATOR

- 12 digit LCD screen with punctuation
- Efficient 1.4 lines / second printing speed
- Battery or electric operation via optional AC adaptor
- Large screen display
- Internal or external paper roll supply
- Tax function
- Dimensions 96 x 191 x 40mm (w x d x h)

EL1611P Calculator

EA732 Ink Roller

EA28A AC Adaptor

### AURORA PR600M PRINTING CALCULATOR

12 digit LCD display. Prints 1.6 lines per second. COST, SELL, MARGIN keys. Metric conversion settings. '00' key for faster calculations. Programmable tax function. Decimal and rounding function. Print/non-print function. Paper roll installs inside or outside of case. AC/DC power adaptor included. Uses NR40 ink roller.

Size 48 x 96 x 206mm.

110781 PR600M

### CANON BP37DTS CALCULATOR

- 12 Digit large LCD display
- Bubble-jet printing technology
- Prints up to 5.6 lines / second
- Tax Calculation
- Cost / Sell / Margin calculation
- Cash change function
- Multi language print-out option (5 languages)

555389 BP37DTS

555400 Cartridge CJ3AII Black

### CANON P23DTSC CALCULATOR

- 12 Digit palm size printing calculator
- Dual power operation (Adaptor AD35 - SKU555397 or 4 x AA batt)
- Tax calculation - Will add or subtract a predetermined tax rate, ideal for GST
- Cost / Sell / Margin calculation
- Currency conversion function
- Non-add function allows input of dates and serial numbers
- Dimensions: 237 x 155 x 55mm
- Weight: 410g

555390 Calculator P23DTSC

555450 Ink Roller CP13II

555397 AD35 Adaptor

### CANON P29DIV CALCULATOR

- Easy to read fluorescent display
- Two colour print-out (black for positive, red for negative figures)
- Currency conversion
- Double injection keys - No more wearing off of numbers
- 3.6 lines / second print speed
- Powered by AC mains
- Dimensions: 190 x 294 x 69mm
- Weight: 1200g

555391 Calculator P29DIV

555451 Ink Ribbon MPRIBBON

### SHARP EL1801C CALCULATOR

- 12 digit LCD screen with punctuation
- Efficient 2.1 lines / second printing speed
- Battery or electrical operation via optional AC adaptor
- Large screen display
- Convenient tax keys
- 2 colour printout
- Dimensions 170 x 231 x 57.5mm (w x d x h)

EL1801C Calculator

EA781RBK Ink Roller

EA28A AC Adaptor

### SHARP EL2901RH CALCULATOR

- 12 digit blue fluorescent display
- 2 Colour printout, 2.1 lines / second print speed
- Cost / sell / margin calculation
- Grand total and item count functions
- Rounding selection
- Tax keys
- Power source AC only
- Professional keyboard for easy typing
- Dimensions 193 x 256 x 62.5mm (w x d x h)

EL2901RH Calculator

### SHARP EL2630PII CALCULATOR

- Large 12 digit display with punctuation
- High speed printing 4.8 lines / second
- AC Power source
- 2 Colour print using twin spool ink ribbon
- GT function which automatically accumulates totals
- 2 key TAX function
- Average and currency conversion keys
- Constant, rounding and item count functions
- Double zero and mark-up keys
- Extra heavy duty office calculator
- Dimensions 228 x 336 x 78mm (w x d x h)

EL2630PII Calculator

## SCIENTIFIC CALCULATORS

### CANON F717SGA CALCULATOR

- 242 Function Scientific Calculator
- Fully approved by the NZQA for use in High schools in New Zealand.
- Calculates complex algorithms at high speeds
- Anti-bacterial surface
- Dual powered (solar/battery backup)
- Large, 4 line high resolution screen
- Dual Way display – Option to input data as it is written in textbooks, or traditionally
- Scientific & Engineering notation
- Memory clear option
- Hard case cover included

555373 F717SGA Red  
555374 F717SGA Blue  
555375 F717SGA Black

### SHARP EL531XHB CALCULATOR

- Identical in operation and functionality to the EL531WH models
- Large, high resolution, 2 line LCD screen with upper 12 digit (5x7 - dot matrix)/lower 10 digit (mantissa) + 2 (exponent) digit
- Up to 272 scientific and statistical functions
- Battery operated (AAA x 1)
- Advanced Direct Algebraic Logic (D.A.L.) for easy equation and answer checking
- Functions include multi-line playback. Constant, fraction, chain and n-Base calculations
- Easy slide-on hard cover to protect calculator from damage
- Dimensions 86 x 160 x 18mm (w x d x h)

239700 EL531XHBWH White  
239701 EL531XHBPK Pink

## CANON SCANNERS

### CANON LIDE110 SCANNER

Amazingly slim, yet loaded with features. You can expect impressive results from this 2400 x 4800 dpi optical resolution, 48-bit colour scanner. Scan an image, or create an email attachment, PDF file or colour copy in just one step. With the CanoScan LiDE 110 great results and easy operation come together in a stylish and compact design.

- 48-bit scanning gradation
- High quality scanning up to 2400 x 4800 dpi
- 4 one touch buttons Scan / Copy / PDF / E-mail for easy operation
- Advanced Z-Lid and scanning in the upright position

555346 LIDE110

## CANON LIDE210 SCANNER

Ultra fast and amazingly slim, yet loaded with features. You can expect impressive results from this 4800 x 4800 optical dpi resolution, 48-bit colour scanner. Scan an image, or create an email attachment, PDF file or colour copy in just one step. With the CanoScan LiDE210 great results and easy operation come together in a stylish and compact design.

- 48-bit scanning gradation
- High quality scanning up to 4800 x 4800 dpi
- 5 one touch buttons Scan / Copy / PDF / E-mail for easy operation
- Advanced Z-Lid and scanning in the upright position
- High speed interface for fast data transfer

**555347** LIDE210

## CANON LIDE700F SCANNER

Featuring 9600 X 9600 dpi resolution and USB 2.0 Hi-Speed connection, the CanoScan LiDE 700F delivers brilliant, fast scans with high definition and amazing contrast. Scan Film, photos and documents.

- 48-bit scanning gradation
- High quality scanning up to 9600 x 9600 dpi
- Advanced Z-Lid and scanning in the upright position
- Automatic dust & scratch, fading and graininess correction
- 4 one touch buttons Scan / Copy / PDF / Email for easy operation
- Instant Warm Up

**555348** LIDE700F

## CANON CS5600F SCANNER

Featuring 4800dpi resolution and high speed USB 2.0 speed connection, the CanoScan 5600F delivers brilliant, fast scans at extremely high resolutions with its white LED scanning. Scan Slides, Film, Photos and Documents.

- 48-bit scanning gradation
- High quality scanning up to 4800 x 9600 dpi
- Fast book scanning with preview in 3 seconds
- Automatic dust & scratch, fading and graininess correction
- 7 one touch buttons Scan / Copy / PDF / E-mail for easy operation
- Instant Warm Up

**555349** CS5600F

## CANON CS9000F SCANNER

With a USB 2.0 Hi-Speed interface, the CanoScan 9000F can capture reflective prints, 35mm negatives and slides at extremely high resolutions.

- 48-bit scanning gradation
- High quality scanning up to 9600 x 9600 dpi
- Fast book scanning at 7 seconds
- Automatic dust & scratch, fading and graininess correction

## FELLOWES SHREDDERS

# WHY SHRED?

Identity theft occurs when an individual's or company's personal or confidential information is obtained and used by another person without their knowledge. Identity fraud happens when criminals use this information fraudulently to obtain credit, goods or other services in that person's or company's name.

## HOW DOES IDENTITY FRAUD HAPPEN?

Every day you deal with thousands of pieces of information: reports, business plans, financial data, customer pricing, names and addresses, credit card details, etc. Identity thieves will "raid" your rubbish bin to steal this information – they may even steal your bin bags to rummage through them at their leisure. It's faster, easier and can be even more lucrative than burglary. To a fraudster the information you throw out is worth its weight in gold.

Identity theft continues to rise at an astounding rate. It's not only individuals that are putting themselves at risk, but also businesses and organisations putting their customers and employees at risk by not disposing of personal information securely. All countries have data protection legislation in place to ensure that companies dispose of documents safely and securely. But businesses should also consider the prospect of damaging their business and losing customer confidence by not disposing of information securely and therefore putting people at risk.

THE SOLUTION? Shred anything you wouldn't want in the hands of a stranger.

## WHAT TO SHRED?

Every piece of paper or document that contains some form of information or data that may be of use to criminals, fraudsters or competitors should be shredded before it is thrown in the bin or recycled. Confidential documents are obvious and the people who have access to them will be aware of their importance and how to dispose of them. It's the pieces of information that don't seem important which are likely to slip through the net.

### PERSONAL DOCUMENTS

- Bank / Credit card statements
- Credit / Debit card receipts
- Utility bills
- Voided / cancelled cheques
- Documents showing signatures
- Tax returns

### COMPANY DOCUMENTS

- Client lists
- Salary details
- Sales figures
- Financial reports
- Personnel files / CVs
- Patent information
- Medical records
- Legal documents
- Letter-headed paper

## BENEFITS OF ON-SITE SHREDDING:

### ON-SITE SHREDDING IS MORE SECURE

- Peace of mind, knowing your sensitive data is destroyed into completely unreadable particles in front of your own eyes
- Ability to see the shredding process and have confidence that the job is complete
- Documents to be shred by a shredding service often pass through several people over great distances before being destroyed thus subjecting them to countless opportunities for information theft in full, readable pages

### ON-SITE SHREDDING IS LESS COSTLY

- With the right-size shredder for your volume needs, shredding often requires only minutes per day and does not require extra labour costs
- Shredders are a one-time investment that lasts many years
- Shredding services costs are ongoing and add up significantly over time

### ON-SITE SHREDDING IS MORE CONVENIENT

- Shredding at the source is more convenient and more secure by allowing you to get the job done right away
- Compliant with security legislation requiring document destruction
- Available in a variety of security levels to meet your needs

### ON-SITE SHREDDING IS MORE ENVIRONMENTALLY FRIENDLY

- Shredding services add more fuel-consuming, carbon-emitting and traffic-congesting trucks on the road

### ON-SITE SHREDDING - THE LOGICAL CHOICE!

Do you really know what happens to your sensitive documents once the shredding services bin leaves your office? Can you be 100% sure?

Would you put your own highly confidential personal information into a shredding services bin?

# CHOOSING THE RIGHT SHREDDER

Some people think that sheet capacities and bin capacities are the best way to select a shredder. But does sheet capacity indicate a shredder's performance? No - because most people shred twice as much as they think they do. And although some shredders offer high sheet capacities, they may not run very long which limits the amount of paper they will shred. Fellowes® have made selecting the right model easy because the shredders are already segmented according to their run-times; Personal shredders run from 2 to 45 minutes. Commercial shredders will shred continuously for the disposal of large volumes of paper. So all you have to do to select the right Fellowes® shredder is to answer the following questions.

## 1. WHERE WILL THE SHREDDER BE USED?

- Commercial (medium office 1-5 users and small office 1-3 users)
- Personal (professional 1-3 users, desk side 1 user and home 1 user)

## 2. WHAT LEVEL OF SECURITY IS REQUIRED?

Shredders are also segmented into security categories called DIN levels. The higher the DIN level the better the protection. The panel below depicts the different DIN levels available on Fellowes® Shredders.

# THE SUPERIOR BREED

Over the past ten years, the business world and household consumer have grown more conscious of the crucial need to shred confidential information. During this time the market has been flooded with low-cost shredders which do not stand up to the rigours of document destruction. Making a shredder that will perform under periods of significant usage and do this year after year are not the performance criteria of many shredder manufacturers.

Our promise to you is supported by a commitment to offer the most innovative solutions, exceptional product quality, and first class service and support. These fundamental principles guide our effort to ensure continued satisfaction with every Fellowes® shredder used.

## OUR DEVELOPMENT APPROACH

At Fellowes® we set high performance criteria. We own and control all aspects of product development, engineering, testing and manufacturing. We specify and build only the highest quality components which are produced, assembled and tested with pride by our experienced manufacturing teams.

# EXPERIENCE THE FELLOWES DIFFERENCE

## OUR QUALITY PROCESS

There's a reason Fellowes® shredders are #1 worldwide. We understand that shredders should work properly the first time, every time. That's why Fellowes® drives quality assurance to exceed expectations.

Prior to launch, all Fellowes® shredders are subjected to extensive field and laboratory tests including our proprietary continuous abuse test and long-term wear. These tests simulate years of abnormally high use to ensure our products perform reliably, even under the most demanding conditions.

## CONSUMER EXPERIENCE

As the market leader in shredders for over twenty years, Fellowes® is dedicated to improving all aspects of the shredding experience. Our higher standards ensure you get the most reliable shredder you can buy. We believe that is one of the reasons people worldwide trust the Fellowes® brand more than any other on the market. In fact, Fellowes® shredder owners are highly satisfied with their purchase and appreciate the Fellowes® difference as seen on our highly rated customer reviews at [fellowes.com/reviews](https://www.fellowes.com/reviews).

FELLOWES HOME SHREDDERS

FELLOWES P20 SHREDDER

- Home Shredder: 1 user
- 220mm (A4) entry throat
  - Auto-start and reverse maximizes ease of use
  - Run time: 2 min on / 25 min off
  - 1 year full warranty

### FELLOWES 225Ci SHREDDER

Commercial Small Office Use: 1-5 users

- 230mm (A4) entry throat
- Eco-bin: separate CD waste bin
- Electronic auto start and reverse
- Run time: continuous
- Warranty: 2 years machine / 20 years cutters

Croxley Sku	Sheet Capacity	Cut Type	Security Level	Bin Capacity	Cut Size	Shreds
236710	20	Cross	3	60L	3.9 x 38mm	Staples, Paperclips, Credit Cards, CD / DVDs

## FELLOWES SHREDDER ACCESSORIES

### FELLOWES SHREDDER BAGS

For clean & easy waste disposal

Order No	Size	Bag Dimensions	Bag Volume	Qty per Carton
236154	Small	670mm x 1240mm	55	100
236153	Medium	760mm x 1520mm	75	100
236151	Large	895mm x 1600mm	98	50
236152	Extra Large	1260mm x 2040mm	178	50

### FELLOWES SHREDDER OIL

- Enhances the performance of all cross-cut shredders
- As a general rule, a shredder should be oiled every time the bin is emptied. This can be achieved by squeezing a line of oil directly over the shredder's paper entry and pressing the forward button
- 350ml squeezable bottle

**236150** Shredder oil

## FELLOWES LAMINATION

# WHY LAMINATE?

Lamination is the application of a plastic film to the surface of an item. By adding a plastic coating to the paper or card, a document becomes more durable, with a quality, professional-looking finish. Lamination protects documents from fingerprints, smudges and tears and also enhances the colour and contrast of the print. The process keeps materials in like-new condition for many years, preserving colour and increasing durability. Laminated paper or card can be used for presentation purposes, without additional backing or frames, creating a variety of opportunities for display. Using a high-quality laminator will preserve and protect your documents and important papers from everyday wear and tear.

Something that is laminated looks better and lasts!

### BENEFITS OF LAMINATION:

- Laminated materials can be reused; they are waterproof and wipe clean
- Valuable graphics are protected from spills
- Strengthens documents; ideal for posters and signs
- Protects from the weather; ideal for external signage
- Improves the appearance of materials; deepens and brightens colours, enhances the contrast
- Provides a variety of finishes; gloss, matt pouches are available
- Eliminates creases and wrinkles; provides a perfect finish

# WHAT TO LAMINATE?

Lamination can be used for a wide variety of documents both in the home and in the workplace.

### IN THE WORKPLACE

- Maintenance check list
- Outdoor directional signs
- Sales presentation materials
- Menus
- Instructional materials
- Sales promotion material
- Business & ID cards
- Identification cards
- Telephone lists
- Maps & directions

### IN THE HOME

- Birthday cards
- Pocket / wallet cards
- Dinner mats
- Luggage tags
- Printed digital photos
- Golf handicap cards
- Activity & training schedules
- Garden stakes
- Children's artwork
- School timetables

# CHOOSING THE RIGHT LAMINATOR

Fellowes laminators are classified by usage, how often they are used and the type of pouches they accept. The thicker the pouches accepted the more versatile the machine and the more applications they can be used for. Laminating pouches are available in different thicknesses which are measured in microns - the higher the number of microns the thicker the pouch.

MAX POUCH THICKNESS	LEVEL OF PROTECTION	TYPICAL USAGE
<b>Enhance 80</b> 80 MICRONS	BASIC PROTECTION	 
<b>Impress 100</b> 100 MICRONS	EVERYDAY PROTECTION	  
<b>Capture 125</b> 125 MICRONS	ADVANCED PROTECTION	   

Fellowes have made selecting a laminator easy - all you have to do is answer the following questions.

## 1. WHERE WILL THE LAMINATOR BE USED?

- Office (large office heavy use, office frequent use and small office regular use)
- Personal (home office moderate use and home occasional use)

## 2. WHAT SIZE DOCUMENTS DO YOU WANT TO LAMINATE?

Fellowes offer laminators with 2 different sizes of entry as shown by the icons below. The larger the width the more flexibility there is to laminate different sized documents.

### A3 = MAX 32CM

Laminates all sizes up to A3 including A4, cards and photographs.

### A4 = MAX 22CM

Laminates all sizes up to A4 including A5, A6, cards and photographs.

## 3. WHICH LAMINATOR FEATURES WILL MAKE YOUR JOB EASIER?

Fellowes laminators lead the market through user-focused innovation. Our unique features make our multi-award-winning laminators easier, safer and more reliable than alternative models.

### SAFETY

HeatGuard™ - patented safety system reduces the surface temperature of Fellowes laminators by up to 50%, compared to equivalent models, so they are always safe to touch. This safety feature also reduces the amount of energy used.

### PERFORMANCE

The Easi-Access mechanism allows the user to open the machine to clean and maintain the laminating rollers ensuring consistent, high quality lamination and the longevity of the machine. It also enables users to safely retrieve mis-fed documents.

### EFFICIENCY

All Fellowes laminators are 100% Jam Free\*. The ClearPath low-friction mechanism allows the smooth flow of the document and ensures that the laminator does not jam.

\*when using Fellowes branded pouches

The AutoLam pouch detection and speed adjustment automatically finds the optimum speed/heat combination for different pouch and document combinations and makes real-time changes if required for best laminating results.

Reduces energy consumption by switching the laminator into stand by mode after a period of inactivity

## FELLOWES LAMINATOR SELECTION GUIDE

Use the simple guide below to choose the right laminator for your needs.

LARGE OFFICE				VOYAGER A3
OFFICE	DO YOU WANT TO LAMINATE DOCUMENTS USING PRESERVE 250 POUCHES?	YES		VENUS A3
		NO		JUPITER A3
SMALL OFFICE	DO YOU WANT TO LAMINATE A3 DOCUMENTS?	YES		SATURN A3
		NO		SATURN A4
HOME OFFICE	DO YOU WANT TO LAMINATE A3 DOCUMENTS?	YES		COSMIC A3
		NO		COSMIC A4
HOME	DO YOU WANT TO LAMINATE A3 DOCUMENTS?	YES		MARS A3
		NO		MARS A4

## FELLOWES LARGE OFFICE LAMINATION

### FELLOWES VOYAGER A3 LARGE OFFICE LAMINATOR

Engineered to provide superior results and equipped with unique innovative features to improve efficiency, durability and ease of use, this quality machine is designed for heavy use in a busy office environment and guarantees excellent results.

- Unique heated belt-driven technology for ultimate jam-proof laminating
- The only laminator that allows instant changes between different pouches without heat-up or cool-down time
- Adjustable entry guide – makes sure the items are supported fully when inserted to avoid mis-feeds
- CleanMe auto-glue sensor – patented system warns the user to clean the laminator internally if glue or dirt has built up
- LCD display with advanced functions to guide users through the laminating process with greatest ease
- Auto Reverse function detects mis-feeds and overloads to prevent paper jams and ensures safe operation

# WHY BIND?

When you've worked hard on a project and invested time and money in your presentation, you need to give it the professional finish it deserves to ensure you make the greatest impact. Binding is the perfect way to present your documents.

### BENEFITS OF BINDING:

- Present a professional, high quality image
- Enhance usability because bound documents are easier to handle and store
- Protect and preserve materials which otherwise can become dog-eared with age and frequent use
- Add style and colour through a wide choice of covers, combs and wires

# WHAT TO BIND?

Binding can be used for a wide variety of documents, both at the home and in the work place.

## IN THE WORK PLACE

### HUMAN RESOURCES

- Policy documents
- Training manuals
- Health & Safety manuals

### SALES & MARKETING

- Sales proposals
- Sales reports
- Marketing plans

### PURCHASING DEPARTMENTS

- Supplier proposals
- Contracts and agreements
- Reference manuals

### ACCOUNTS

- Suppliers' details
- Year-end accounts
- Monthly reports

## IN THE HOME

- Assignments & homework
- Scrap books & hobby craft
- Recipes

# TYPES OF BINDING

Different binding systems are suitable for different applications. Fellowes offer 2 types of binding options.

### PLASTIC COMB BINDING

Plastic comb binding is the most popular and economical binding system, it's practical, easy to use and very flexible.

### BENEFITS

- Cost-effective, quick and simple to use
- Documents are easy to use; they can be opened out completely flat so they are easy to read and photocopy. They are ideal for presentations
- Can add and remove pages easily

### WIRE BINDING

Wire binding gives your documents a stylish, top-quality finish. It's permanent and secure.

### BENEFITS

- Completely secure document, can not be re-opened.
- Creates the same durable look used by professional printers.
- Documents can be opened out completely flat so they are easy to read and photocopy and are ideal for presentations.

# CHOOSING THE RIGHT BINDER

Fellowes binders are classified according to how often they will be used and the size of the documents they can bind which is measured on binding capacity, punch capacity and comb size.

## BINDING CAPACITY

The higher the binding capacity, the larger the document you can bind.

## PUNCH CAPACITY

The higher the punch capacity, the quicker the process.

## MAX ELEMENT SIZE

Maximum comb and wire diameter suitable for use with the binder.

The larger the binding capacity the more versatile the machine. Comb binders which are ideal for personal use can bind documents up to 150 sheets and are suitable for use in the Home and Home Office. Fellowes provides comb and wire office binders which are ideal for the workplace. They can bind large documents up to 500 sheets and 130 sheets respectively. Fellowes has made selecting a binder easy – all you have to do is answer the following questions.

## 1. WHERE WILL THE BINDER BE USED?

- Office (large office heavy use, office frequent use and small office regular use)
- Personal (home office moderate use and home occasional use)

## 2. MANUAL OR ELECTRIC BINDER?

### ELECTRIC PUNCHING

Provides ultimate ease of use. Electric punch button makes it easier to punch through large documents and also work through large quantities of documents quickly.

### MANUAL PUNCHING

Strong metal punch handle on Fellowes machines makes it easy to punch through documents.

## 3. WHAT FEATURES MAKE BINDING EASIER?

Fellowes binders are equipped with many user-friendly features which make them easier and quicker to use than many alternatives.

## Satellite SYSTEM<sup>®</sup>

SATELLITE removable binding platform allows multiple users to punch and bind simultaneously, saving time in the work place.

### FULL WIDTH PUNCHING HANDLE

Suits any user as it can be used left & right handed.

### ANGLED COMB RAKE

All Fellowes comb binders have an angled comb rake of 15 degrees to make loading punched sheets much easier.

**PRESELECTABLE CLOSURE CONTROL**  
 For easy wire closure - ideal for binding multiple documents.

**CHIP TRAY**  
 With burst out feature to eliminate jams.

**BACK MARGIN ADJUSTMENT SELECTOR**  
 Increases stability for larger documents.

**PUNCH SELECTION**  
 For a variety of document sizes.

**ADJUSTABLE EDGE GUIDE**  
 Aligns sheets accurately.

**COMB STORAGE TRAY**  
 With patented comb and document measure enables users to select the right comb for their requirements.

## FELLOWES BINDING SUPPLIES

Fellowes offer a wide range of binding supplies for every binding solution. They are not only manufactured to the highest standards but also feature packaging designs which make selecting the right cover and comb for your document easier than ever.

### FELLOWES BINDING COMBS – PLASTIC

Provide a versatile binding solution because they can be reopened after binding to add or remove pages.

#### Plastic Comb (Round) - 21 Rings, Pitch 14.28mm, Commercial Pack

Croxley Sku	Sheets	Size (mm)	Qty / Pk
235200	2-20	6	25
235208	21-40	8	25
235216	41-55	10	25
235224	56-80	12	25
235405	21-40	8	100
235410	41-55	10	100
235415	56-80	12	100
235420	81-100	14	100
235424	101-120	16	100

### FELLOWES BINDING COMBS –

Providing a stylish and professional finish to any printed document, wire combs offer a permanent binding solution.

#### Wire Comb (A4) - 34 Loops, Pitch 3:1", Commercial Pack

Croxley Sku	Sheets	Size (mm)	Qty / Pk
235350	1-35	6	100
235351	36-60	8	100
235352	61-80	11	100
235353	81-100	12.7	100

### FELLOWES LEATHER BOARD & PVC BINDING COVERS

High quality leather board covers have a deeply embossed finish with leathery grain effect. They provide a quality result and effective document protection with a robust weight of 250gsm. PVC covers strengthen documents enabling the front cover to remain visible through the protective PVC cover.

#### Leather Board / Heavy Weight, Commercial Pack

Croxley Sku	Weight	Size (mm)	Qty / Pk
235630	Light Weight	0.15 mm	100
235631	Medium Weight	0.2 mm	50
235632	Heavy Weight	0.24 mm	50

#### Leather Board / Heavy Weight, Pack

## FELLOWES TRIMMERS AND GUILLOTINES

# WHY USE A CUTTING SYSTEM?

Cutting machines enable the user to trim and cut large amounts of paper in one go and can also be used to make precise cuts to shape or divide documents or projects. They are operated using one smooth movement which ensures precision cutting and a professional finish. They save time and effort and are an essential tool to use when trimming or cropping large stacks of paper, books, and laminated documents. They are also ideal for digital photographs.

# WHAT CAN A CUTTING SYSTEM BE USED FOR?

## IN THE HOME

- Photographs
- Greeting Cards
- CD Covers
- Scrapbooks
- Posters

## IN THE WORKPLACE

- Presentations
- Paperboard
- Laminated Documents
- Foam Board
- Large Volumes Of Paper
- Leaflets

# TYPES OF CUTTING SYSTEM?

## ROTARY TRIMMERS

Rotary paper trimmers have a round blade enclosed in a cutting head that slides along a metal guide bar. They are ideal for making straight cuts through material of small thickness, and are widely used by photographers, advertising and graphics studios and schools. They deliver great burr-free cuts with paper, plastic sheets, special papers, soft card and laminated materials.

## GUILLOTINES

Paper guillotines are a premium solution, designed for high-volume cutting. The paper can be clamped into place and the handle is brought down in one motion to cut through the paper with straight, clean cuts. They are ideal for cutting thick stacks of paper.

# CHOOSING THE RIGHT CUTTING SYSTEM

Fellowes have made selecting a cutting system easy - all you have to do is answer the following questions.

## 1. WHERE WILL THE CUTTING SYSTEM BE USED?

- Office (office heavy use and small office frequent use)
- Personal (home office moderate use and home occasional use)

## 2. WHAT SIZE IS REQUIRED?

Fellowes offer cutting systems with 2 different sizes of entry as shown by the icons below. The larger the width, the more flexibility there is to trim different sized documents.

### PAPER SIZE

Indicates the maximum paper size the machine will accommodate

## 3. WHAT FEATURES WILL MAKE YOUR JOB EASIER?

Our range of trimmers and guillotines is set apart from the rest of the market by our unique features, designed to make cutting safer and easier than ever before:

Unique SafeCut™ blade cartridges encapsulate the stainless steel blade so it is only exposed when trimming, ensuring maximum safety & ease-of-use.

Heavy duty, stainless steel SafeCut™ rotary blade, encapsulated for user safety – accepts materials including card, plastic sheet and foam board.

Full size SafeCut™ Guard prevents mishandling during operation. It is preassembled to prevent human errors during set-up and folds down for storage. The blade cannot be operated unless SafeCut™ Guard is in upright, protective position.

FELLOWES OFFICE GUILLOTINE

Heavy duty, durable guillotines designed to cut through large volumes of paper and provide a sharp, clean cut result in one fluid motion.

FELLOWES FUSION A3 GUILLOTINE

- Solid metal base with integrated anti-slip feet
- Paper clamp minimises paper movement when cutting
- Carry points for easy portability
- 2 year machine warranty

FELLOWES ELECTRIC OFFICE TRIMMER

As leading global innovators of business machines, Fellowes are delighted to introduce the unique PowerTrim rotary trimmer, the ultimate user-friendly and safe-to-use trimmer. The operator can clamp the sheets in place, press a control button and let the machine's rotary blade take the strain.

POWERTRIM A3 ELECTRIC OFFICE TRIMMER

- Provides ultimate convenience for safe and easy trimming anywhere in the office
- Clear acrylic cutting bed is illuminated in use and can easily accept all sheet sizes up to A3
- Large and illuminated control pad for highly visible communication with the operator
- SafeCut™ clamp - the machine cannot be operated until the clamp is closed, locking the sheets safely in position
- Document gauge ensures that maximum sheet capacity cannot be exceeded
- Progressive cutting system cuts through loaded stack with a maximum of 6 passes
- The cut control allows the user to stop a cutting cycle whenever required
- PowerTrim's 30mm rotary blade will cut up to 30 sheets (80gsm) in under 10 seconds

## FELLOWES CLEANING SOLUTIONS

# DUSTING ALONE ISN'T GOOD ENOUGH!

A thorough and regular clean of phones, mice, keyboards, computer screens and desks effectively safeguards against infection whilst at the workstation. Keeping your workstation, keyboard and mouse clean is important and Fellowes offer a wide range of products to help keep your workstation clean and hygienic.

## JUST HOW CLEAN IS YOUR KEYBOARD?

Take the test - place a piece of paper on your desk, tip your keyboard upside down above the paper and give it a shake or a gentle tap. Chances are you have dust particles, food crumbs and other offensive debris trapped. These are just the things you CAN see, imagine what is there that you can't! Keep your workstation and your equipment in peak condition and combat these germs with Fellowes range of cleaning products.

## FELLOWES CLEANING SOLUTIONS

### FELLOWES SCREEN CLEANING WIPES

Alcohol-free screen cleaning wipes safely clean dust, dirt and fingerprints from all types of computer screens and glass surfaces

**236254** Screen Cleaning 100 Wipe Tub

### FELLOWES SURFACE CLEANING WIPES

- 100 pre-moistured multi-surface wipes in a re-usable tub
- Surface cleaning wipes can be used on all workstation surfaces except glass and TFT/LCD screens

**236278** Surface Cleaning 100 Wipe Tub

### FELLOWES WET AND DRY SCREEN CLEANING WIPE SACHETS

- 12 sets of twin sachets, one wet and one dry for optimum cleaning performance

**236194** Screen Cleaning 12 Pack Twin Wet / Dry Wipes

### FELLOWES PRESSURISED DUSTER

- Pressurised Duster designed to rid hard-to-reach areas of dust, dirt and debris
- Includes extension tube to reach into tight areas

**236180** Pressurised Duster

# What Businesses Want to Feel

SECURE ——— ORGANISED ——— WELL PRESENTED

Fellowes® offers the products that businesses want. Provide your customers with secure identity protection with Fellowes Powershred® shredders. Offer professional looking and organised documents with Fellowes Binding Machines. Deliver well presented and long-lasting laminated documents with Fellowes Laminators.

We're good for business.

QUALITY OFFICE PRODUCTS SINCE 1917
