Create and print your labels with Avery Design & Print Online

Visit averyproducts.com.au/print or avery.co.nz/print

1
- Visit averyproducts.com.au/ print or avery.co.nz/print
- On the Avery Design & Print Online screen, click on **Start Now**
- In the **Enter Your Product Number Here** field, type in the software code on your Avery packet
- Click on **Go**. You'll see the **Select Your Design** screen.

2
- You'll see the range of pre-designed templates we've provided, or you can start with a blank template and create your own design
- Select the design you like
- Click on **Select & Customise**. The **Customise** screen will open with your template visible.

3
- If you've selected a pre-designed template, you'll see some sample text (like "Company Name"). Highlight the sample text and type over it with your information.
- To add text, click on **Text** (it's on the menu on the left hand side of the screen), and then **New Text**. Type over the sample text that appears, and adjust your fonts and colours.
- To insert an image, click on **Images** (it's on the menu on the left hand side of the screen), and then either **From Avery Gallery** (to choose one of the pieces of free clip art) or **From My Computer** (to use an image from your own files)

4
- When you have finished designing your project, click on **Preview & Print**. You'll see a preview of your project.
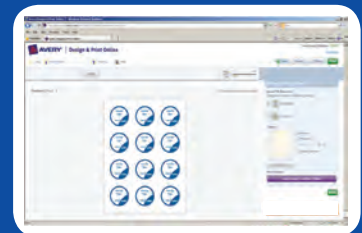

5
- If you're happy with your project, click on **Print**. Design & Print Online will create an Adobe PDF version of your project.
- Print from Adobe Reader as normal. Ensure **Page Scaling** is set to **None**, and your page settings are set to A4.
- You can save your document in the Adobe PDF format for future printing.

Background

When Kate and Tracy at The Embroiderer decided to create a niche specialist knitting store, they knew that they had a captive market. Inspired by the many crafty customers who frequented The Embroiderer they knew that there was a market for knitting products locally. Armed with an idea Kate & Tracy started The Knitting Room.

Challenges

Operating in a niche market and small retail store had its challenges. With display space at a premium, it was essential that Kate & Tracy planned their retail space using smart point of sale solutions that directed customers to The Knitting Room and its products.

The Knitting Room retails small runs of specialist knitting yarns so each product label or swing tag needed to be customisable at a drop of a hat.

The packaging of The Knitting Room product is a key focus – enabling the business to sell smaller items in branded packaging that protects the product.

Kate & Tracy know that their brand is an important feature of the business – offering differentiation from other yarn retailers and reinforcing their store message. Ensuring that their brand is easily recognisable is imperative.

Solutions

Avery Branding and Merchandising products are the perfect solution for a business like The Knitting Room. The *Glossy Round Labels* are ideal for labeling bags. The *White Printable Bag Toppers with Bags* are the perfect solution for providing retail packaging for the smaller knitted products. And the *Printable Shelf Tags* make a great pricing ticket.

With supporting templates, Kate and Tracy are able to print labels and other branding and merchandising products easily and effectively, enabling The Knitting Room brand to be presented professionally within the store.

"I am so impressed with Avery Branding and Merchandising products – using the Avery Design & Print Online templates is just so easy, and the branding looks fabulous" says Kate. With free online templates, creating labels and packaging is quick and easy. The templates are customisable and Kate & Tracy can adapt their labels as their product range changes.

With the help of Avery, Kate & Tracy can easily produce professionally branded labels and merchandising solutions, in-store, as and when they need them.

AVERY FABRIC AND VINYL PRINTABLE NAME BADGE LABELS

Create name badges fast and easily using your laser printer. Ideal for seminars, meetings, trade fairs, conferences and training sessions. Made from flexible materials, they can be used on most textiles and removed without leaving residue. The Vinyl labels allow you to print your labels and pop them out from the backing sheet, allowing you to re-order and display your badges once printed, and without them sticking to the table as they have their own individual backing sheet – no need for plastic holders or putting pins through your delegates clothing any more!

ORGANISATION AND STORAGE LABELS

AVERY REMOVABLE LASER LABELS

Need to leave colleagues a temporary message? Perhaps a printer is faulty or a vending machine is out of order? Avery Removable Labels are ideal for writing instructions and temporary notes. You just print the message on the label and stick it where it can be seen. When the message has been read or it's no longer needed simply remove it. The label won't leave any residue but you can be sure it'll stay firmly in place.

SIGNS

AVERY SELF-LAMINATING ADHESIVE SIGNS

Do you get visitors at your workplace? If so you'll need some clear signage so they can find their way around the building. Perhaps you're organising an event and you want arrow signs to point people in the right direction. The self-laminating and self-adhesive signs are great for sticking on walls without the need for a laminator or sticky tape. It really is that easy. You can get creative by designing your own wall signs using free Avery software too.

PEEL & STICK DRY ERASE SHEETS

The Peel and Stick range offers consumers the ability to create a writable whiteboard surface anywhere. The quality adhesive means that the sheets can be used almost on any flat surfaces but can be easily removed, without causing damage to walls or leaving any residue. They are also very durable, they can be reused and are rewritable. The sheets erase cleanly and won't leave any ghosting like normal whiteboards do. The 'Peel and Stick' Dry Erase sheets come in a variety of sizes, shapes and colour, and priced for everyday value for consumers.
