Accent

Accent Environmental Statement

Accent strive to be a leader in environmental sustainability and believe that a successful future for our business and the customers we serve depends on the sustainability of the environment, communities and economies in which we operate.

As a responsible company we bear a responsibility to consider the impacts of our actions and how they affect the environment both in terms of our own operations, and indirectly through our purchasing decisions, the products and services we offer to our customers and the business opportunities we pursue.

We are committed to minimizing the impact of our operations on the environment and to demonstrating leadership by integrating environmental considerations into all our business practices.

Our design philosophy includes re purposing existing system components everywhere possible in new designs. This prevents waste from obsoletion and also means that many product elements can be re used if products are returned.

Recent initiatives:

- The primary cleaning solvent that was being used at Accent has now been replaced with a natural citrus based product which is better for the environment and better for the health of our workers
- We are currently working with our suppliers to replace any non recyclable packaging with recyclable and or compostable packaging
- Improving optimising and batching jobs together, to prevent board and fabric waste going to landfill.
- Carpooling for travel to and from work, and working from home where possible, to reduce vehicle related emissions

Our Certified Buy NZ Made Products and Ranges

A wide range of our products are certified 'Buy NZ Made'.

buynz.org.nz/accent

By designing, sourcing and manufacturing products in New Zealand we can:

- Eliminate stockouts
- Reliably offer fast and flexible delivery timeframes
- Customize products to suit the unique needs of your customers
- Reduce carbon footprint
- And keep great Kiwis employed!

Accent Environmentally Concious Supply

Accent is committed to engaging key suppliers who have the highest quality and environmental qualifications

We only use NZ manufacturers of board for Accent Desk & Table Tops, Mascot Storage & Lockers, Oslo Range.

Main Suppliers:

Laminex NZ: EO MDF, FSC, ISO14001, ISO9001, ECNZ

ENVIRONMENTAL CHOICE NEW ZEALAND
Furniture, Fittings & Flooring
Licence No. 3208041

Our Switch Electric & Fixed and Duo II Electric bases are Manufactured in a GB/T 19001=2012/ISO 9001:2015 accredited facility.

Both ranges have been assessed as compliant with BIFMA standard ANSI/BIFMA X5.5-2014

ISO 9001

BIFMA
ANSI/BIFMA X5.5-2014 Desk Products

The aluminium used in our Modella II Table & Leaner bases, Grid 40 & Screen Brackets is NZ manufactured Aluminium extrusion from INEX—100% Recyclable.

INEX is the only extrusion plant in Australasia to recycle its scrap directly with an aluminium smelter, in this case NZAS.

Accent 10 Year Warranty

Accent warrants its products are free from defects in materials and workmanship for a period of 10 years from date of delivery. During the applicable warranty period, Accent will repair or replace (at its discretion) any product, part or component covered by this warranty which fails under normal use as a result of a defect in material or workmanship with a comparable product (at its discretion). All warranty claims must be communicated directly to Accent.

This warranty only extends to the original purchasers, products must be located in original delivery location. If products have been relocated these works must have been carried out by an Accent approved installer. Any misuse, abuse or modification to the original product voids the warranty

EXCLUSIONS

- Any damage arising from water, heat and or direct sunlight

- Improper transportation and installation after original installation

- Claims for any other associated cost from the user

- Natural variations in wood grain or the presence of character marks

- Changes in surface finishes due to aging or exposure to lights

- Failure resulting from normal wear and tear

- Matching of colours, grains or textures of natural products

- The colourfastness or the matching of colours of textiles, including an exact match to cuttings, samples or swatchcards

- Damage, marking or staining of veneer surfaces due to contact with rubber or similar compounds, damamge from sharp objects or prolonged exposure to direct sunlight

- Damage caused from improper storage

- Metalicon branded products (these have a 5 year manufacturers warranty)
