Ratings Warranties and Certifications

15
YEAR
WARRANTY

E1
BOARD
CERTIFIED

ISO
14001
EMS

Warranty

Knight Group guarantees you for up to 15 years against faulty parts (excluding fabric) & workmanship based on a normal 40 hour week.

E1 Board

LFE stands for Low Formaldehyde Emission and is known as "E1", an internationally recognised standard of safety for composite wood board. This certification characterises an engineered wood product that is unobjectionable for almost all intents and purposes and may be used for interior finishing and furniture.

ISO 14001

ISO 14001 Certification is the international standard that specifies requirements for an effective Environmental Management System (EMS). It helps organizations improve their environmental performance through more efficient use of resources and reduction of waste.

Good Wood

The manufacturer's environmental policy confirms that composite wood materials are sourced from well-managed, sustainable forests and that they hold internationally recognised forestry stewardship certification.

BIFMA

BIFMA Certification focuses on safety and performance standards developed by the BIFMA Engineering Committee. The standards provide manufacturers, specifiers, and users with a common basis for evaluating safety, durability, and the structural adequacy of the specified furniture, independent of construction materials. The standards define specific tests, laboratory equipment to be used, the conditions of the test and the minimum acceptable levels to be used in evaluating these products.

AFRDI Certified

AFRDI Certification is a set of standards covering strength, durability, stability and safety. Chairs are certified to AS/NZS 4438 Level 6 (Severe Commercial Use) and are classified for high use, high abuse applications in 24 hour environments. Seating built to AFRDI standards available on request.

Green Tag

Global Green Tag certified products pass the world's toughest standards to protect you, and your family's health and safety, minimise your impact on our finite planet and put the power of selection back in your hands.
